Decisions with respect to Event/Round Cancellations

The last few years has seen inclement weather impacting several events and reducing access to the course. This has resulted in difficult decisions about how to proceed with major competitions. To prevent a misunderstanding, it is useful to outline how disrupted events are handled. In the event of inclement weather or any other event impacting the start of a competition, the completion of a round or any other aspect of play, a decision will be taken by a minimum of three directors (with at least one director being on the course at the time) as to whether the round should continue and whether the round or competition will be cancelled for that day. The directors will ensure the correct protocols are followed if a round is to be suspended and cancelled (Refer to the Suspended Play and Course Closure Guidelines document). Subsequently the Match and Green Committee will consider the most appropriate way to manage the competition going forward. Options that will be considered include, but are not limited to:

1. Cancellation of the competition for the year
2. Re-scheduling the competition
3. Shortening the competition e.g. from 4 to 3 rounds

TEAMS EVENTS DEFINITIONS

2BBB

Teams event where the best score of the two-person team is taken for each hole and the sum is then calculated over the 18 holes to realise the team score.

2B Aggregate

Teams event where both the scores of the two-person team is added together for each hole and the sum is then calculated over the 18 holes to realise the team score.

2B Multiplier

Teams event where both the scores of the two-person team is multiplied together for each hole and the sum of each hole's score is then calculated over the 18 holes to realise the team score.

2B Split Sixes (BAM)

Teams event where each 6 holes you calculate and record using the (BAM method – Best Ball, Aggregate & Multiplier

Holes 1 to 6 (B-Best) it's the single best score for the two-person team to be recorded. i.e. $(4 / 3 + 5 / 2 = 3)$

Holes 7 to 12 (A-Aggregate) the two-person team scores are added together and recorded. i.e. $(4 / 3 + 5 / 2 = 5)$

Holes 13 to 18 (M-Multiplier) the two-person team scores are Multiplied together and recorded. i.e. $(4 / 3 \times 6 / 0 = 0)$

The total for each hole each hole is then calculated over the 18 holes to realise the team score.

2B Worst Ball

Teams event where the worst score of the two-person team is taken for each hole and the sum is then calculated over the 18 holes to realise the team score. i.e. $(4 / 2 \& 6 / 0 = 0)$

2/3/4 Person Ambrose

Groups of 2/3/4 players work as a team. Each player hits off the tee, the best shot is selected, and all other players pick up their ball and place it, within one club length, alongside the best ball. Each person then hits a second shot from the same spot, this is repeated until the ball is in the hole. On the putting green the best ball is marked, and the other balls are played from this position.

2 Person Ambrose - Each player must have 5 drives; handicap is calculated by adding the 2 handicaps together and dividing by 4.

3 Person Ambrose - Each player must have 4 drives; handicap is calculated by adding the 3 handicaps together and dividing by 6.

4 Person Ambrose - Each player must have 3 drives; handicap is calculated by adding the 4 handicaps together and dividing by 8.

9 Holes Skins

During our 9-hole skins events each Player is playing for a prize within the group. Each player plays for 9 skins (1 per hole). If no one wins a hole clear the skin jackpots to the next hole until someone wins. That winner then takes those multiple skins e.g. if 2 holes jackpot on the next hole you're playing for 3 skins. By the end of the 9 holes there will be a winner in the group who wins that prize. If playing in a group with big differences in handicaps; you could you normal GA handicap to determine if you get shots on a hole.
